

**VETERANS' HEALTH**

# Wings of friendship spread far

LINK Community Transport Inc in Thomastown is offering a service for veterans.

The not-for-profit organisation provides transport for people 65 and over and for people with a disability and their carers.

Donald Frankling, 92, is an ex-Royal Air Force veteran who uses LINK to help with his weekly shopping.

Mr Frankling was matched with Adrian Heinrich, a volunteer driver who is also an ex-Royal Air Force veteran and the two have formed a great friendship.

To become a LINK volunteer or use the services phone 1300 546 528.

This week is Veterans' Health Week a national event to raise awareness of veterans' wellbeing.
